Joint Meeting with NEI Chapter in Warsaw

Guest Speaker: Tom Cobett - Omnisorce

Tom Cobett has 40 years of experience within the Primary Metals Industries. As an R&D specialist, Tom has worked closely with major companies who produce or utilize metals, helping them to solve design, application, and cost problems.

In addition to his R&D activities, Tom has over 20 years of experience teaching Metal Casting and Materials Science courses at the university level. He is a graduate of Kent State University, with a B.S. Ed. in Industrial Education.

He currently serves as the 1st Vice President of the Foundry Educational Foundation. He is a member of AFS, ASM, AIST, and an active participant in the ASM Materials Camps. Tom Cobett is the R&D Manager of OmniSource Corporation, one of the largest metals recycling companies in North America and a wholly-owned subsidiary of Steel Dynamics, Inc.
